## Promoting Your Business

### Guides for Brides Fairs consistently attract 300+ visitors;

with typically 75 to 125 Brides-to-Be registering at each of our fairs, plus grooms, bridesmaids and family. This allows you to introduce your wedding service or product to the optimum number of customers in just one day, saving you time and money. All our Fairs are extensively promoted and professionally run by our in-house team. They are advertised using social media, the local press, in Guides For Brides, on posters, banners, road signs and bus stops.

*"Once again another great wedding fair season - we love how Guides for Brides fairs are well organised and we always get appointments from brides on the day."*
